

During the 10-day search expedition, the team spent a long time to find resources and treasure. Everyone tries their best to find a large amount of resources and treasures. The tickets to return to Europe are about to arrive at the port, and players need to hurry back. However, not everyone is willing to share equally in the face of so many treasures. In the face of interest, the team is fragile. We are rich once, all of us. But now, there is only one! An upcoming treasure grab civil war has begun!

Episode 2:

In the game, You will need to use the following ability to grab more treasure points from different players. As much as you can!
